

## Dean Toyahn | Operations Manager

Dean is a widely respected construction industry veteran, with more than 22 years experience and unparalleled knowledge of specialist piling and foundations works. Having joined BRC in 2001, there's very little Dean has not experienced on a construction site – metro, regional, remote or marine. His leadership qualities, understanding of IR, site safety and enviro controls, QA, and knowledge of specialist machinery for all ground conditions are what drive our people to deliver our projects on time, on budget and without incident.
